Week 5: Integration

A final reflection, overlap and integration

Work through this on your own, and bring what came up to Monday's live session.

1. Looking back over the whole cohort, what are you most proud of?

2. What did the breathing practice teach you about urges?

3. What will you carry forward? Write three commitments for the next month.

4. Write a short note to yourself to read on a difficult day.
