Your Story Before the Cohort

Take your time with these questions. Write as much or as little as you like. Nothing needs to be shared.

1. When did this habit first start? What was happening in your life at the time?

2. What did it give you back then? What does it give you now?

3. When do you usually reach for it? Think about times of day, places, people and moods.

4. What are your impulses and cravings like? Where do you feel them in your body?

5. What have you tried before, and what did you learn from it?

6. What would change in your life if this habit loosened its grip?

7. Who are you becoming? Describe that person in a few sentences.
